

KENYA GENDER LANDSCAPE

This briefing showcases the gender landscape in Kenya on key indicators helpful for monitoring gender equality and designing effective policy interventions. Gender equality fosters productivity gains and minimizes losses in wealth, reduces poverty, boosts shared prosperity, and supports green, resilient, and inclusive development.

Note: Data retrieved from [World Bank Gender Data Portal](#). The Sub-Saharan Africa (SSA) region includes 48 countries (all income levels), as classified by The World Bank Group. Kenya is a Lower middle income (LMC) country, which includes 55 countries with a Gross National Income (GNI) per capita from \$1,046 to \$4,095 (calculated using the World Bank Atlas method). Data definitions can be found on the [Gender Data Portal](#). Country Baseline provides a reference value between 1990 and 2010. Latest Value shows the latest available comparison from 2011 onwards. Baseline comparisons are represented by an arrow icon that points to increases or decreases greater than 10 percent relative to the base year. Comparison to the regional average shows how Kenya performs relative to its peers in the region, income group, and the world. Darker and lighter shades represent values 10 percent or below or above its peers in the region, respectively.

Women, Business and the Law in Kenya

Women, Business and the Law (WBL) 2022 presents an index covering 190 economies, structured around the life cycle of a working woman. In total, 35 questions are scored across eight indicators. **Kenya scores 80.6 out of 100**, while the regional average across Sub-Saharan Africa is 71.5.

A Closer Look at Gender Equality in Kenya

Despite some progress, gender gaps persist, gender-based violence and disadvantageous social norms facing women and girls remain sticky, and gains in human capital of women and girls remain untapped. Turning human capital investments into economic gains means addressing multiple barriers to women's economic empowerment, including improving their voice and agency.
