Note: The Middle East and North Africa (MNA) region includes 21 countries (all income levels), as classified by The World Bank Group. Djibouti is a lower middle income (LMC) country, which includes 55 countries with a Gross National Income (GNI) per capita from \$1,046 to \$4,095 (calculated using the World Bank Atlas method). Data and definitions can be found on the [Gender Data Portal](#). Data is as of June 24, 2022.

Country Baseline provides a reference from 1990 to 2010. Latest Value shows the latest available value from 2011 onwards. The arrow icon represents country increases or decreases over 10 percent relative to the base year. Peer Comparison shows how Djibouti performs relative to its peers in the region, income group, and the world. Color coding represents values 10 percent above or below its peers in the region.

DJIBOUTI GENDER LANDSCAPE

Women, Business and the Law in Djibouti

Women, Business and the Law (WBL) 2022 presents an index covering 190 economies, structured around the life cycle of a working woman. In total, 35 questions are scored across eight indicators. **Djibouti scores 68 out of 100**, while the regional average across Middle East and North Africa is 80.

A Closer Look at Gender Equality in Djibouti

Despite some progress, gender gaps, gender-based violence, and disadvantageous social norms facing women and girls persist, and gains in human capital of women and girls remain untapped. Turning human capital investments into economic gains means addressing multiple barriers to women's economic empowerment, including improving their voice and agency.
