Note: Data retrieved from [World Bank Gender Data Portal](#). The Sub-Saharan Africa (SSA) region includes 48 countries (all income levels), as classified by The World Bank Group. Somalia is a Low income (LIC) country, which includes 27 countries with a Gross National Income (GNI) per capita from \$0 to \$1,045 (calculated using the World Bank Atlas method). Data definitions can be found on the [Gender Data Portal](#).

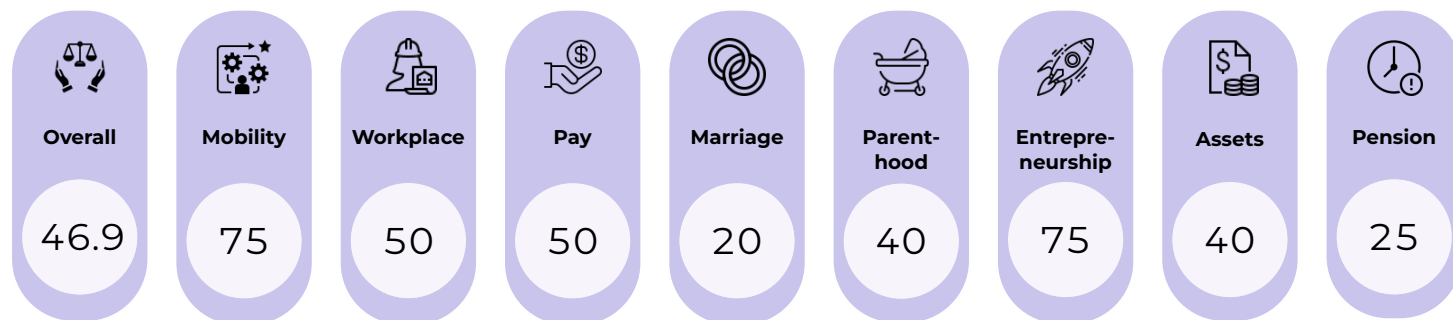

Country Baseline provides a reference value between 1990 and 2010. Latest Value shows the latest available comparison from 2011 onwards. Baseline comparisons are represented by an arrow icon that points to increases or decreases greater than 10 percent relative to the base year. Comparison to the regional average shows how Somalia performs relative to its peers in the region, income group, and the world. Darker and lighter shades represent values 10 percent or below or above its peers in the region, respectively.

SOMALIA GENDER LANDSCAPE

Women, Business and the Law in Somalia

Women, Business and the Law (WBL) 2022 presents an index covering 190 economies, structured around the life cycle of a working woman. In total, 35 questions are scored across eight indicators. **Somalia scores 46.9 out of 100**, while the regional average across Sub-Saharan Africa is 80.4.

A Closer Look at Gender Equality in Somalia

Despite some progress, gender gaps persist, gender-based violence and disadvantageous social norms facing women and girls remain sticky, and gains in human capital of women and girls remain untapped. Turning human capital investments into economic gains means addressing multiple barriers to women's economic empowerment, including improving their voice and agency.
